Summary of Comments and Responses (if applicable):

The only comment received on this proposal was by a neighbor who wants us to inform people not to drive fast in the area and to stop tossing garbage along the road and on the site. By developing the viewing area and improving the site our intention is to increase the presence of DNR staff, volunteers and other law abiding citizens who are interested in the estuary. We believe based on experience, that our increased presence and management of the site will decrease the illegal activities that the neighbor is concerned about.
